Lancaster Farming

4. No. 10 — Lancaster, Pa., Saturday, January 17, 1959 — $2 Per Year

Championship Quartet

When the six finalists of the Farm Show Baby Beef show marched into the Large a Thursday afternoon, these Red Rose entries comprised two-thirds of the Champ- ip Class. From left, Ken Miller, Manheim RD 2, with his Champion Shorthorn; Hackman, Elizabethtown RD 3, with his Reserve Champion Shorthorn; Don Herr, on, and his Reserve Champion Angus, and John Martin, Marietta RD 1, with his Re- Champion of the show, also Champion Hereford. —EXTENSION PHOTO

Garden Spot Holds Title During 1959 Farm Show

Lancaster County farmer-showmen returned home this week with a major share of trophies from the 1959 Penna. Farm Show in Harrisburg While final totals are still being computed, it became apparent as early as Wednesday evening that this year's production was headed toward new records in attendance, quality and prizes.

Garden Spot showings were climaxed late Thursday when four of the six 4-H baby beeves in the junior Championship class were announced over the large Arena public address system as coming from Red Rose club.

One of the quartet, 1,065 lb. "Buddy", a medium weight Hereford owned by John D. Martin, Marietta RD 1, was awarded honors as Reserve Champion of the junior show.

"Buddy" was edged from the Grand Champion's spot by an Angus shown by Jack Gensler, Carlisle RD2, Cumberland County The victory was the county's first Farm Show Grand Championship in 4-H baby beef in 27 years.

Martin's victory returned Lancaster County to the purple after the county's first shut-out in seven years had occurred last year.

Also in the arena for the final judging were:

Donald M. Herr, Refton, showing the Reserve Champion Angus.

Kenneth Miller, Manheim RD 2, showing the Champion Shorthorn.

Billy Hackman, Elizabethtown RD3, showing the Reserve Champion Shorthorn.

Red Rose members placed 14 beeves in the top ten spots of 11 junior show classes.

In the County Trio contest, an Angus group from Red Rose beef swept top honors, giving the club a collective total of five of the top seven spots in the junior event

D Awards Banquet -- Feb. 27

A total of nine awards will go to outstanding figures in aster County conservation farming circles to be honor- eb. 27, during the 1959 Lancaster Soil Concervation ict Banquet.

y A. Brubaker, program man for the annual ev- reports seven Conserva- Achievement Awards to ty farmers, presentation e county plaque to the land judging co itest er and the Outstanding ervation Farmer plaque, highlight banquet activ-

eme for the banquet be "Teamwork." Special ts for the event at the ryville Methodist ch, 6:30 p m., will be county's "Queens of the ow"

ncipal speaker will be rt Struble, watershed ultant, Penna Soil com- ion.

20-minute film on the onal Plowing Contest last ust at Hershey, entitled wn to Earth," will be vn

her program features include the state cham- ship FFA conservation ker, Gerald Greiner, of heim, delivering his e-winning speech, "Liq- of Life", special music by nco high school students, reports of 1958 activi-

Cons. District Adds Three Cooperators

The number of Lancaster County Soil Conservation District cooperators increased to 1705 this week with the acceptance of three more farmer-applicants by the directors

A total of 680 acres were added to the district's land area with the acceptance of William Fredd, Sadsbury Twp., Christiana RD 1—220 acres, Isaac S Shirk, East Earl RD 1—360 acres, and Ernest J. Sauder, W Hempfield Twp, Lancaster RD 1—100 acres.

The Soil Conservation Service December report to SCD directors revealed completion of three new plans with 281 acres, three basic plans with 159 acres, 55 acres of cover crops, 108 acres of stubble mulching; four acres of pasture improvement; 2,500 lineal fee of grassed waterways. and removal of obstructions from a half acre

State Crop Round-Up

The longest continual cold weather for several years has kept farmers from many normal field tasks in Pennsylvania. Snowfall during December ranged from heavy in the northwest to light in this region.

Major problem for area farmers at the moment is the lack of snow cover for small grain crops. The below normal precipitation has resulted in exposed fields and rapidly drying soils. The latter situation has been aided by prevailing high winds.

In contrast, despite extreme cold, the wheat outlook on the plains is the best in years with a heavy snow cover from the Rockies to the Mississippi valley, except for the Southern Plains

State Young Farmers Honor Elvin Krantz

Elvin B. Krantz, of New Providence, was selected during the Pennsylvania Young Farmer's convention at the Farm Show as one of the state's four outstanding young farmers

Krantz was selected as the southeastern area winner of the OYF plaque, which was presented by Dean Hoffer, of Manheim, state president

Six Meetings to Feature Plant Parasite Control

Harry S Sloat, associate county agent, has announced a schedule of meetings in Lancaster County with Penna. Extension specialists to discuss and demonstrate methods of identification and control for insect and disease pests for plants.

Sloat points out the rapid increase in air travel to all parts oof the world has brought new parasites, which increase crop production problems.

"In many areas of the county, alfalfa has been severely damaged, while other fields have been affected by downy mildew, black stem or other diseases," Sloat reminds.

In cases, Red Clover was only a third of expected crop yield, due to lesser clover leaf weelil Chick weed has made heavy growth during fall months in many fields.

"New chemicals are coming on the market each month to control these pests The knowledge of how to spot infestations and apply timely control is of vital importance to county farmers," H Brubaker's, Lititz RD 3 Sloat states.

Three meetings have been scheduled for general farmers and three for specialized groups from Jan. 20 (Tues. to Jan. 23. Meeting with local farmers will be:

Dr. Carlton Taylor, extension plant disease specialist;

J. O. Pepper, extension plant insect specialist.

and George Berggren, extension agronomist.

The meeting will be: Jan. 20, 7 30 p m. general meeting, Singer's display room, table seed treating, Glick Ronks; Jan 22, 9 a m , vegeplant farm, Smoketown; Jan. 22, 1 30 p m , Fruit Growers, Farm Bureau; Jan. 22, 7 30 p m , General meeting, Wenger's, Buck; Jan. 23 9:30 a m , nurserymen and greenskeepers, Farm Bureau, and 1 30 p m , general meet, L. Brubaker's, Lititz RD 3

ick Placement 15% Above '58

lacement of broiler chi- in Penna for the week ng Jan 14 totaled 784, according to the crop re- ng service This was 10 cent below the previous k, but 15 per cent above same week last year.

utshipments during the k were 258,000, inship- ts were 82,000

dicated number of Penna lers for market about 10 ks from now is 751,000, pared with 691,000 last

oiler eggs set totaled ,000; down five per cent last week. Hatchings Jan 10 to 31 will be t seven per cent below last year

In the 22 important broiler producing states, chick placements totaled 30,534,000. down three per cent from the previous week This was 13 per cent above last year

Penna was among states showing the greatest decrease in placements.

The 22 state settings were three per cent above the previous week, and seven per cent above the same week last year.

Indicated broilers for market about 10 weeks from now is 28 6 million, compared with 25 million last year.

SPABC Sire Wins 'Gold Star' Rank

"McDonald Farms' Pre Nugget", a registered Guernsey bull owned by Southeastern Pa Artificial Breeding Cooperative has been named a Gold Star Sire by the American Guernsey Cattle Club.

"Nugget" was recognized by a progeny record which includes 25 daughters with 49 official production records averaging 10,461 lbs. of milk and 508 lbs. of fat. He also has 23 classified daughters with an average numerical rating of 83 5 ranking as Desirable.

Farm Management Short Course Scheduled by County Extension

A special short course in Farm and Home Management will be offered Lancaster County farm families this year through programs conducted by Penn State specialists in sessions within the county.

Harry Sloat associate agent, and Cynthia W Engle, asst Ext Home Economist have announced the first of four meetings will be held in the Assembly room of the North Queen Street Branch, Lancaster County National Bank, Lancaster.

This meeting will start at 9 30 a m , Jan. 22, with the morning and afternoon sessions. Other days scheduled in the course are Feb 5 and 19, and March 5.

4-H Leaders Meet Set for Jan. 26

Cynthia W Engle, assistant extension home economist, has announced a 4-H Club leadership training meeting, for 1 30 p m Jan 26 at the Farm Bureau auditorium, Dilleyville Rd

The meeting is the first of a series scheduled this winter to replace the spring schedule, which had produced time conflicts at times, Mrs Engle reported

The first meeting discussions will cover keeping records, National Awards program and special 4-H events, she added

Lt. Steers Record Gain

James E. O'Hara,
In Charge, Market News Branch

LANCASTER JAN 16—

CATTLE -This Wed was like last Wed with about 450 head of slaughter steers on the market Some of the gain recorded on Mon for slaughter steers weighing over 1,250 lb was lost Wed Compared with last week's close slaughter steers weighing under 1250 lb were 25 - 50 higher and heavier weights were steady to 25 higher

Cows closed steady to 25 lower Bulls sold at fully steady rates Stockers and feeders were steady to 50 higher Receipts were comprised of about 70 per cent slaughter steers and 25 per cent stockers and feeders

Number of loads of slaughter steers weighing over 1,300 lb is much higher than in past years Total head count for this week is about 4200 head compared with last week's 3588 total Trading was active this week except for cattle weighing over 1300 lbs these were slow

The bulk of the 950-1300 lb slaughter steers brought 27 25-29 50 A part load high choice with a prime end scaling 1309 lb made 29 75 and a load prime 1407 lb sold for 29 50 Average good to high-choice 1300-1520 lb ranged from 25, 25-27 50 Good to low-choice steers brought 24 75-27 50 depending on weight

A few lots of good and choice heifers made 25 50-27 50 Utility & comm bulls sold for 23 25-26 50 and good grade fed bulls brought 26.-00-28 00

Utility cows made 17 25-21 50, while canners and low cutters ranged from 15 50-17 25, coml cows sold up to 22 75

Good and choice 800-1050 lb feeders steers went back to the country at 25 50-28, a three load string of high-choice 916 lb feeders made 29, and a load 1135 lb same grade at 27 85, medium and good feeders made 24.25-26 50 Good and choice 550-800 lb stock feeders brought 27 50-30 50 with a loadlot 528-630 lb selling at 32-32 50 Good grade stock calves made 29-33

In the calf division this week vealers advanced 1 00 on about 625 head compared with last weeks total 695 head Trading was active Good and choice vealers sold for 31-37 and high choice and prime made 37-42 with a few up to 43 Standard low-good brought 25 - 31 while utility sold down to 20

Barrows and gilts declined sharply this week as they closed about 1 50 lower than last week Trading was very slow after mid-session Mon which was when sharp decline was noted Sows were about steady The total head count was about 1550 compared with 971 last week

U S 1-3 grade 180-230 lb barrows and gilts sold for 18-19 Hogs more uniform for weight and grade including 1-2 grade 190-220 lb at

Chicago Cattle

Fed Steers 70% Of Week's Run

USDA MARKET NEWS SERVICE

CHICAGO, JAN 16—
WEEKLY REVIEW

CATTLE—Receipts 10 per cent larger than last week, about 5 per cent greater than the corresponding week last year, and the largest in six weeks Some change in the consist of supplies, smaller percentage slaughter steers About the same percentage slaughter heifers, increased proportion cows and bulls

Around 70 per cent slaughter steers, about 15 per cent heifers and nearly 10 per cent cows, the percentage cows largest for any week in months Vealers and stocker and feeder cattle and calves continued seasonally scarce Percentage prime steers smaller than the 12 5 per cent prime last week, estimated barely ten per cent prime this week Smallest since last August, percentage choice steers also decreased while an increased percentage graded good and below Most heifers good and choice grades

Average weight of slaughter steers estimated to be a few pounds lighter than last week when the average of 1200 lbs was the heaviest since records were started Slaughter steers advanced 25-75 early in the week but the gain was later shaded or more than lost depending on weight and grade, closing prices on slaughter steers generally steady to 50 higher than late last week although few loads steers

New Holland

Hvy. Short-feds Glut Market

low choice and below weighing over 1300 lbs. as much as 50 lower. Prime heifers all weights and choice under 1050 lb weights steady to fully 25 higher, other weights and grades steady to 50 lower

Cows lost 50-1 50 compared late last week when prices were the highest since June 1958 Bulls sold steady to 25 higher until late but closed 75-1 00 lower for the week due to a sharply lower trend Thursday

Vealers advanced 1 00-2 and reached the highest levels in two months Stockers and feeders fairly active, steady to 50 higher Smaller numbers of steers sold to Canadian buyers than last week owing to a lower market in Canada and higher prices in the U S

Moderate supply prime 1025-1350 lb slaughter steers 30 25-30 75, eight loads brought 30 50 and 30 75 latter price the highest since July, 1958, bulk choice and prime steers 26 50-30 00 according to weight, scattered loads choice 1500-1525 lb weights down to 26 00, choice yearlings weighing up to 1050 lbs sold up to 29 50 while few loads mixed choice and prime 1050-1150 lb weights reached 30 00, loadlots mixed

Choice and prime 1400 - 1525 lb steers 27 00-29 25, good steers opened at 25 00-28 00 according to weight and closed at 24 50 - 28 00 with a few loads mixed commercial and good over 1300 lbs down to 24 00, few mix-

Milk Market

Fluid Milk—Production in the N. E. was gen. unchanged to slightly higher. The exception was in New England where slight declines were reported. In most instances trend upward was lower than a year ago.

Demand was mostly fair except around Atlanta where improvement was reported. Offerings were ample, although lighter surpluses were being diverted into manufacturing channels. The wholesale selling price in New York per 40 qt. unit held unchanged at $5 55.

Fluid Cream — offerings were irregular ranging from ample to just adequate. In the N.E. Pa. area insufficient offerings of Pa. & N. Jersey approved were readily supplemented by outside purchases Bottling demand was fair.

Although offerings for manu. were relatively heavy they were lighter than last week. Demand by the ice cream industry was seasonally lighter resulting in some increased movement both to churns and freezers. Prices were unchanged to $2.00 in Atlantic and unchanged to 250 lower on L. C. L (Min. 50 cans

Pa. & N. J. approved in the S. E. Penna area - wholesale selling prices per 40 qt. unit 40 PCT butterfat - N Y. $36 50 Manufacturing cream prices based on various formulas. Atlanta small lot sales $22 00 - 27 00, mostly $24.00 Boston spot sales and small lot spot sales (not available). Southeastern Penna open market selling prices Pa. and N J approved car or truck lot (Min 200 cans) $25.00 - 26 00. L C. L. (Min. 50 cans) $25 75 - 27 50.

Delmarva-Georgia

Prices Rise

Delmarva's Friday market was firm, with reduced offerings and good demand. Some purchases on condemned deductions basis. Vol. and prices; 595,700 at 19.10 - 20.40, incl. 407,500 at Eastern Shore.

Georgia had barely adequate to short supplies Friday. Plants generally operating under condemned deducted basis. Total vol. includes about 17 per cent booked for Saturday. At form: 910,200 at 18 cents; FOB plants: 499,500 at 19 cents.

Delmarva opened the week with a firm market, demand improved, Tuesday was quiet, and the market dropped Wed. with increased offerings available. Market firmed Thursday, with heavy offerings and increased demand.

Mon. - Thurs. volume and prices; 700,300, Incl 466,800 at East. Sh. Exch., 15½-21.10 mostly 19½ and up: 266,300 18½ - 20; 763,400, incl. 593, 200, at East. Sh Exch. 18.10 20.40, mostly 19 and up.

Georgia jumped one cent higher with offerings short, continuing through the week Prices jumped another cent Wed and again on Thursday, bringing 96% of Thurs. sales at 18 cents.

Fri.—Thurs. volume and prices at farm: 992,900, 85% 78% at 16. At farm—691,400 at 15; FOB plants—535,100, 81% at 16; FOB plants—340, 500, 17. At farm—651,400, 16 - 16½, 78% at 16; FOB plants—367,800, 17. At farm 398,700, 75% at 17; FOB plants—253,800, 18. At farm—457,600, 96% at 18; FOB plants—283,400,19

Delmarva broiler feed ration for the week ending Jan. 9, was 3.4. Broiler prices averaged 16 42, 20% mash was $97 50 per ton. The ratio for Dec. 22 - 24 was 3.2, the previous week—3.3, and one year ago—4.0.

Children in the poorest section of Old Delhi, India, greet CARE's staff with friendly shouts: "Here come the milkmen" The "title" results from the free milk the youngsters receive, thanks to American contributions to the CARE Food Crusade, New York 16, N Y.

MUSSER Leghorn Farms

— bred for the poultryman who is looking for dependability.

— we don't claim our birds are the best we don't say that they will all live to 15 month of age.

—we don't say that they will lay 300 eggs or more —or that they will lay 30 oz. eggs from the start.

— we do say that they are for business minded commercial egg producers who want a dependable, sturdy chick bred to make high, "honest" records.

— they are pleasing hundreds of successful poultrymen and are a sound buy at a fair price.

Farm Show Results

County Provides
97.6% of Tobacco Show Entries

With 248 of 254 Farm Show tobacco entries from Lancaster county, this portion of the major agricultural extravaganza was completely dominated by county leaf growers this week

The "burn" test was the deciding factor for top place hands in the state show, with Roy Rohrer, Strasburg RD1, exhibiting the state grand championship filler hand, while county champion Lee Snyder's wrapper hand was not ranked in the top 12

This was Rohrer's fourth Grand Championship in 21 years of competition in the state tobacco contest.

Dennis Sangrey, Conestoga RD2, 4-H Tobacco Club show Champion filler hand, slipping past Mark Nestleroth, Manheim R3, on "burn" test basis

Nestleroth exhibited both wrapper and filler championship hands in the county 4-H show, but finished second in both classes at Harrisburg

Betty Hahn, Columbia RD 1, had the champion 4-H wrapper hand.

Complete County Placings:

WRAPPER B

Wrapper B, Over 26 inches—1, J Arthur Swarr, Landisville, 2, William Moyer, Manheim R4; 3, John D. Davidson

THIS WEEK
—In Washington
With Clinton Davidson

PIGS & POLITICS

With the new Congress less than a week old it already is apparent that Secretary of Agriculture Ezra Benson has as many troubles as anyone in Washington.

He starts out with a predominantly Democratic Congress that is sure to oppose his farm plans and, in general, make 1959 anything but a happy year for him.

Pigs and politics will be the principal cause of his woes There will be too much of both And, as if that were not enough, he'll have too much wheat, corn, cotton, tobacco and a few other surpluses

During the past year Benson paid farmers almost a billion and a half dollars for farming practices principally designed to hold down production Farmers, instead, produced bumper crops 11% larger than the previous record on the smallest acreage in 80 years

The Bulging Budget

Benson believes that the costs of government farm programs are too high and that Congress should take steps to reduce them But, he concedes, he hasn't much chance of reducing costs until the farm laws are changed.

Farm programs, which include such things as subsidized exports, the School Lunch program etc, last year cost $6 billion Unofficial estimates are that these programs may cost as much as $7 billion this year when prices drop

And, if the forecasters are correct, other farm prices will be going down during this year. Even USDA economists who know that pessimistic predictions displease their boss, are forecasting a 5% to 10% decline in 1959 farm prices

Farmers squeezed between falling prices of the things they sell and rising prices of things they buy are in the habit of telling their troubles to their congressman It is up to the congressman to place the blame.

While farm prices are going down food prices almost certainly will be going up. In the past 10 years farm prices have gone down 23% while food prices have increased by 27%. Neither farmers nor consumers are happy about that.

Either way Benson can't win Farmers blame him for the low prices they receive and consumers kick because of higher food prices Taxpayers object to the high cost of "farm subsidies." One thing Benson can count on: Hogs and Democrats will make life uncomfortable for him in 1959

With the exception of the Defense Department the Agriculture Department spends more money than any other government agency Despite these expenditures government holdings of farm surpluses have reached $7 billion, and may go to $8 billion within the next few weeks. Storage charges alone amount to more than $1 million on a day

The worst may be yet to come With hog prices high for the past couple of years, farmers raised 17% more pigs last fall for market next spring and, the USDA estimates, the spring pig crop will jump by 13% over a year ago

A Congressman's Best Friend

Dogs may be man's best friend, but any farm belt congressman will tell you that hogs are more important politically There are something like two million hog raisers and when prices go down farmers become very displeased

The man they usually pin the blame on is the Secretary of Agriculture Benson has been warning growers for two years to hold down their hog population but that won't keep him from being blamed

Cost of Greatness

Lesson for January 18, 1959

THERE is a religion which specializes in destroying desire If you wish to be saved, they will tell you, you must stop wishing for anything, even to be saved You must go farther than that, you must get rid of the wish to get rid of all wishes. The happy man is he in whom all desire is dead

Jesus never indulged in such talk. He had no hard words for ambitious men Of course it made a different story, when men were ambitious for the wrong reasons or for the wrong things. But ambition as such, he never condemned.

Dr. Foreman

Two of his nearest friends told him one day, not too privately either, that they wanted to sit at his right hand and his left when at last he should be King. That was another way of saying they wanted to share his power and his greatness. The other disciples were disgusted and angry; but not Jesus. All he said was, in effect: **Greatness has a price; are you prepared to pay it?**

The Towel

The price was a cup that must be drunk; a baptism to be undergone. It is quite plain that these are figures of speech, as Jesus used them to those ambitious brothers James and John. For Jesus was never baptized after that, and all the cups from which he drank were ordinary cups such as all poor families used. This price-of-greatness Jesus himself illustrated by what he, greatest among the great, was and did. At the last supper, it was remembered afterwards what Jesus had done besides presiding at the meal. He knew he had come from God, knew he was going again to God, and that the Father had given all things into his hands. Surely these words spell greatness beyond comparison. Yet knowing his greatness, "he took a towel . . ." (The story is in John 13.) The cost of greatness is to become a ... mark of greatness is ... over, but service-to.

The Teaching

Well, you might ... incident was somet... Jesus sat among tho... acknowledged Maste... moments he took th... slave, a personal va... enough put on the te... again Is there some... ing others where we ... are—is there any way ... teacher, for instance, ... vant of all" without ... classroom or putting on... Milk Flow Sets Record

Penna milk production for 1958 is estimated at a record high 6 675 million pounds, three per cent above 1957 production of 6,462 million

December, with 525 million was the only month during 1958 which did not result in a record level, according to the state crop reporting service

Milk cow numbers continued to decline during December as high slaughter prices and production expenses resulting in heavy herd culling

In spite of exceptional cold and poor quality hay in some sections, production per cow for December was at a record 564 lbs

The year's production per cow, also was at an all-time record of 7,147 lbs per cow

ALASKA INFORMATION

In case you might be interested in our new 49th state Alaska, information is offered by the U S Department of Interior, Washington, D C For 20 cents they will send a booklet, "Information Relative to the Use and Disposal of Public Lands and Resources in Alaska"

Soup made from grass is often the only dinner for families in Korean fishing villages, during the stormy months when the men cannot go to sea Contributions to the CARE Food Crusade, New York 16, N Y, help to send packages of the U S farm foods to these families

Poultry Assn. Meets Friday

The 1959 Membership meeting of the Lancaster County Poultry Association has been scheduled for 7 30 p m , Jan 23 at the Poultry Center

Jay Greider, association president, reports the program's feature will be a symposium on controlled feeding, with panelists from feed companies the hatching industry and Penn State

Election of officers will be conducted, with seven directorships open

In addition 4-H Poultry Awards will be presented, along with a review of the 4-H poultry program

Light Steers

(From page 2)

19-20 25 and a few up to 20 50 a few small lots early Mon sold up to 22 230-250 lb hogs made 17 25-18, and a few weights up to 290 lb down to 16 50 300-600 lb. sows sold at 14-17.

For the Farm Wife and Family

Casseroles Provide Balance For Cold Weather Meals

With today's modern methods of freezing and preserving, fresh fruits and vegetables are no longer limited in their use to the time at which they mature on the stalk or vine or whatever the case may be. We now have these fresh foods available to use all the year round.

Today we have some vegetable casseroles for you which would be a nice accompaniment to a "meat and potatos" dinner. Some of these casseroles have the starch food blended in with the vegetables, thus eliminating that extra dish.

Take the following Carrot-Cheese-Rice Casserole, for instance

Trio Casserole

2½ cups grated raw carrots.
¾ cup boiling water
3 eggs, beaten
1½ tablespoons melted butter or margarine
2 cups cooked rice
1 tablespoon chopped onion
1½ teaspoon worcestershire sauce.

Parboil grated raw carrots five minutes in boiling water Drain well and save liquid to use in the sauce.

Combine all ingredients, blending well. Pour into well-greased baking dish or casserole Set in pan of hot water and bake at 325 degrees for 30 minutes or until set Serve with a white sauce with cooked green peas added. Make six servings.

* * *

Scalloped Green Vegetables

Start with any cooked vegetable. Try two or more together. Asparagus with cabbage—snap beans with cut-up broccoli — lima beans with one of the green leafy vegetables — are three of many good combinations.

2 cups drained cooked green vegetables
1 to 1½ cups medium white sauce
Salt to taste
Pinch of dry herbs
¼ cup fine dry bread or cracker crumbs
1 tablespoon butter, margarine or meat drippings.

Combine vegetable, sauce, and seasonings in a greased baking dish.

Mix crumbs with the butter, margarine, or meat drippings, and sprinkle over the vegetable mixture.

Bake in a moderate oven (350 degrees) until the sauce is bubbling and the topping slightly browned - 20 to 30 minutes. Makes four servings, about ⅔ cup each.

For variety—Put the vegetable and sauce into the dish in separate layers, with a sprinkling of grated cheese or finely chopped onion or parsley or cooked mushrooms between layers.

Use ½ cup small bread crumbs, and dot the fat on top.

Asparagus Timbale

2 tablespoons butter or margarine
2 tablespoons flour
⅔ cup milk
½ teaspoon salt
Pepper
1⅓ cups cooked asparagus finely chopped
2 eggs, beaten

Make a thick white sauce: Melt the butter or margarine and blend in the flour. Add the milk. Cook, stirring constantly, until the sauce is thick and smooth. Season.

Mix the asparagus into the sauce.

Add the hot mixture gradually to the eggs, and spoon into custard cups or a shallow baking dish, lightly greased

Set in a pan of hot water and bake at 350 degrees until set—about 20 minutes for custard cups, a little longer for the baking dish. Makes four servings.

* * *

Brussels Sprouts

1½ tablespoons butter or margarine.
½ cup chopped celery
¼ cup chopped onion
1½ tablespoons flour
½ teaspoon salt
Pepper
1 cup cooked or canned tomatoes
1½ cups cooked brussels sprouts
Fine bread or cracker crums mixed with melted butter or margarine.

Heat the butter or margarine in a fry pan. Add the celery and onion and cook slowly until they are yellow.

Blend in the flour, salt, and pepper, and add the tomatoes. Stir and cook until the mixture is thick.

Put the brussels sprouts into a greased baking dish and add the tomato mixture. Sprinkle the crumbs over the top Bake at 350 degrees about 30 minutes. Four servings.

* * *

Spinach Custard

1 cup chopped cooked spinach, drained
1 teaspoon butter or margarine
½ teaspoon butter or margarine
½ teaspoon salt
Pepper
1 cup hot milk
2 eggs, beaten
2 hard-cooked eggs, finely chopped

Add the spinach, fat, and seasonings to the milk. Stir this mixture into the beaten eggs. Add the hard-cooked eggs, stirring them carefully through the mixture.

Pour into a greased shallow baking dish, and set the dish in a pan of hot water. Bake at 350 degrees until set - 35 to 40 minutes. Four servings.

* * *

Vegetable Omelet

4 eggs
¼ cup milk
½ teaspoon salt
Pepper
1 cup cooked vegetables (peas, beans, chopped greens)

Beat the eggs slightly and add the milk and seasonings.

Pour egg mixture into a lightly greased fry pan over moderate heat As it cooks, lift the moisture at the edge to let the uncooked part run underneath.

When the omelet is partly set, spoon the vegetables over it Continue cooking until the vegetables are hot and omelet is lightly browned on the bottom Fold or roll for serving

For variety—Make a fluffy omelet by separating eggs. Beat the egg yokes, add the seasonings and m... Fold into the stiffly be... egg whites Cook in a ligh... greased fry pan over l... heat until lightly browned... the bottom Put vegetab... on top, cover, and cook u... set.

Hire the QUEEN!
You do better, you live better, when you put the Mount Hope QUEEN to work for you.
For 35 years they have been bred to lay more big, high-quality eggs on low-energy feeds than most strains.
They are rugged, too Yes sir, they are "Just the Bird" for you
Why settle for half Mount Hope blood-lines (in other Leghorns) when you can get "100% Mount Hope" by going direct to a Franchised Hatchery near you?
Johnson's Hatchery

SEEDS EXPORTED

In September of this year, U S exports of grass and legume seeds totaled 1,969,000 pounds, compared with 1,750,000 lbs in Sept, 1957.

July to September exports of these seeds, however, were about 18 per cent below exports during the sam period of 1957 Most of the September, 1958 exports went to Canada, Italy and Mexico

MORE APPLE SAUCE

Kenneth Slamp, Penn State extension marketing specialist, reports that one and a half million more cases of apple sauce were processed in the Eastern states by Nov. 1 than a year ago Storage holdings were 12 per cent more than for the same date in 1957.

WATER TREATMENT BULLETIN NO. 2

LOCAL DAIRY FARMER SOLVES WATER PROBLEM

Melvin R. Stoltzfus, Cherry-Crest Farm

R. D. 2, Ronks

Clears Water of Odor and Color with

CENTURY INSTALLATION

Mr. Stoltzfus says:

"The water from my well had a bad odor and color for 15 years, especially after harvest when I had silage seepage Then Century recommended a system consisting of a chlorinator to kill bacteria, a filter to filter the color and odor, and a softener Now, I have all the soft, clean, odorless water I need, and this is especially a big help in the milk house Health officials are also pleased to see that the milk house water is being treated."

If your well water has a bad taste, color, or odor—don't put up with it any longer!

Call or write us for free water analysis.

★ Farm Show

(From page 1)

In Friday's competition for the Grand Champion Fat Steer of 1959 Farm Show, Connie Quisenberry, York Co , topped the field to take honors with her Champion Open Hereford The 16-year-old Stewartstown girl also exhibited the Open Champion Shorthorn steer.

BEST HOUSEKEEPERS of the entire 1950 Farm Show appeared late Friday "Herdswomen" Florence Mae Flory, left, of Manheim RD 3, and Marilyn Harnish, ryville RD 2. The county duo teamed up in managing the 4-H Ayrshire Club's herd had been awarded Monday and Wednesday "day money" in the show's "Best Herds test Wednesday's honor was shared with Masonic Homes, E-town. The calf Floren holding placed second in her class, while Marilyn's was 4-H Grand Champion. In add Marilyn won the 4-H Fitting Title and placed second in the showing contest, with ence taking third. Yep, it's a woman's World. —LF PH

Ginsler had Reserve Champion with his Junior Champion.

Fred Frey, Quarryville stockman, exhibited the champion Angus. Martin's Hereford was Reserve Champion of the Hereford division in the open show, and K. Miller had Reserve Champion Shorthorn.

Owners of Trio beef were: Don Herr; Gary Kreiner, of Elizabethtown RD 3, and Samuel Long, Manheim RD 4.

Show judge Tom Merritt, Ohio State University, termed Lancaster County's array in this year's competition, "One of the best quality groupings one county has shown in a show I have judged."

Elsewhere in the show, it was a familiar story as ty entries swept the to show, dominated se dairy classes, much o open beef show and other classes, includi strong swine showing

Total attendance for show was estimated to crowding the 650,000 late Friday, with We day's 190,000 an all record

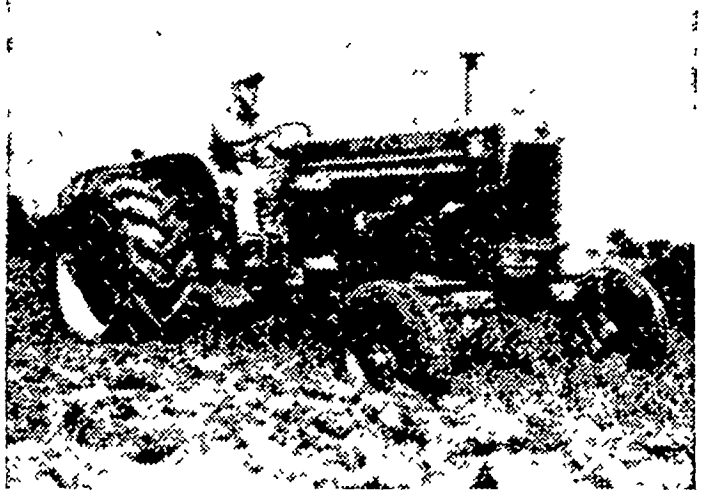
MORE THAN 50 HP...



yet drives like a dream

It's the easiest-to-use big tractor you've ever seen. Low-Line, High-Crop design permits a low, safe, roomy platform. A single step and you're in the new center-ride seat that smooths out the ride . . . reduces fatigue

Controls and instruments are grouped for simple, effortless operation. There is power steering if you prefer.

New Power Director provides unequaled control of power. You can quick-shift on-the-go (without clutching) to reduce travel 30 percent and increase pull power 42 percent. And, all the while, PTO operates continuously.

Ask to drive the new D-17 with 51 belt hp
